## **STUDENT FEEDBACK REPORT**

**INTERNAL QUALITY ASSURANCE CELL**

**2017-18**

# INTRODUCTION

---

Student feedback is an integral part of the improvement of the teaching learning process in an educational institution. The Internal Quality Assurance Cell of Government College Kattappana conducts student feedback with a view to incorporating the opinions and suggestions of students regarding the facilities, administration and teaching-learning process in the quality improvement strategies of the college.

In the year 2017-18, the feedback process was conducted using the online system developed by the Internal Quality Assurance Cell hosted at the college website [gckattappana.ac.in](http://gckattappana.ac.in)

The feedback process is intended to collect the responses on the academic and administrative functioning of the college, the infrastructure and facilities, programmes of study and the performance of teachers.

The feedback is divided into three parts consisting of objective questions. The first part consists of questions regarding the overall functioning of the college such as the academic atmosphere, administrative services, classroom facilities, infrastructure etc.

The second part is an evaluation of the programme of study and the departments. Questions are framed to evaluate the value of the programme of study in preparing the student for employment and higher studies, the curricula, the teacher student relationship etc.

The third part is teacher evaluation. It is designed to evaluate parameters such as knowledge base of the teacher, communication skills, mentoring and helping mentality, regularity and punctuality etc. In addition, the students are provided with an opportunity to express their general suggestions and opinions in a descriptive manner.

Feedback on each faculty member is confidentially communicated to the corresponding person. A summary of evaluation about the college and departments are included in this report.

# CONCLUSION

---

Through the online feedback system, the IQAC has provided the students a platform to voice their opinions about the college, departments and faculty members in a free and fair manner.

It was found that

- Students are of the opinion that the academic atmosphere and general and classroom facilities of the college are very good.
- The students are looking forward to an improvement in the sports facilities of the college
- Students also want more placement opportunities from the college
- The redress mechanism of the college is rated to be very good
- The social atmosphere and student teacher relationship is good, as per the opinion of the students
- Students are looking forward to more programmes that can contribute to personal growth and attainment of life skills
- Students very much appreciate the scholarships and stipends provided to them through the college.
- Students have expressed that the working of college office may be improved
- Most of the PG students are looking forward to employment after completion of the course, however, most of the UG students are planning for higher studies
- Students are of the opinion that teachers may make more effective use of technology in teaching
- Many students are of the opinion that teachers should hand out notes and other study materials
- In general, teachers are highly rated by students regarding their knowledge, teaching skills, punctuality etc.
- The internal evaluation is rated as fair and impartial

As can be inferred from the responses given in graphical format, the students have positively rated the college and have a high opinion of the departments and faculty members. However the students have mentioned areas where improvement is required. Their opinion should be taken into account in planning the academic and other development activities of the college in the coming academic year,
